

## RHIANNON LOGSDON PHOTOGRAPHY

### FAQ

**What type of sessions do you offer? And what do they include?** *We offer newborn, family, child, senior and Art sessions. Newborn, family, senior and child sessions last about an hour and include 20 digital files with print release. The Art session lasts about 2 hours and includes 25 digital files with print release.*

**What is an Art session?** *The Art session is the most popular session we offer. It is a custom session tailored to your child's interests. RLP uses photoshop to bring your child's dreams to life. Fighting dragons, riding dinosaurs, hanging the moon and fairy princesses are all possible! Five images in the Art session are dream-like images, the rest are family and/or child portraits.*

**How do I choose what Art images I want?** *It is completely based off the child's interests. If your child loves dinosaurs, we have plenty of dinos to choose from. If they love fairies, we will add wings and make them fly. Please let us know ahead of your session any ideas you have through email or text. There is a sample page attached with ideas!*

**Are there limits to what you can do in an Art session?** *Unfortunately, yes. There are limitations because RLP likes to use only their own photographs to*

created your Art images. 95% of the images you have seen in RLP galleries are done without the use of purchased stock photos. BUT, we do have a large selection of our own stock images. If a stock purchase is needed to complete an Art image we will let you know before or during the session and there may be an additional charge to cover the cost.

**Is my child too young for an Art session?** There is really no age restrictions, but you do get better results when your child starts playing pretend on their own. Acting out a pretend scene is easier for children 2+ years.

**What about clothes? How do I choose what to wear and how many outfit changes do we get?** This is probably the most stressful part of planning your session, right? No! KEEP IT SIMPLE!!! If you are planning family photos, choose a print for one family member and then base everyone else's clothes off the colors in that print. Easy peasy! We are always here to help as well.

BUT, the absolute best part of choosing clothes for kids is you may not have to! All clients of RLP are welcome to use our large selection of clothing and costumes.

You have unlimited outfit changes during your session.

**Can we split a session into two sessions?** Absolutely! The child and senior sessions can be split into two sessions. Most common is 1/2 maternity and 1/2 lifestyle newborn. You can also do baby milestones like 6 months and 1 year. With seniors, it's 1/2 in the fall and 1/2 in the spring. Each half session includes 10 digital files with printing rights. 3/4 the total of the full session is due at the first session.

**Where does the session take place?** Most sessions take place at 801 Belterra Drive Austin, Tx 78737. Newborn sessions are usually done in your home.

**What time do we meet?** Art sessions start 2 hours before sunset, all other outdoor sessions start 1 hour before sunset. **Why so late?** The last few hours of daylight are called the "golden hours", gorgeous light perfect for pictures!

**Do you offer mini sessions?** Yes, mini sessions are themed and offered a various times during the year. Mini sessions fill quickly so be sure to follow us on Facebook and Instagram.

## **What do I bring to my session?**

Water!

All clothing options- bring it all, even if you're not sure we will use it

Comfy walking shoes- sometime we hike a bit for the best spots

A brush

Baby wipes- for younger children,

Bug spray

Stroller

**What will RLP bring?** *All photography gear needed, props and clothing options discussed ahead of time.*

**How long after my session will my gallery be ready?** *Depending on the time of year, sessions are usually completed in 3 weeks. Editing does not begin until the session is paid in full.*

**What does 'Full printing rights' mean?** *Rhiannon Logsdon Photography releases full printing rights with each purchased session. This means you may print as many copies of the images in any size you like. Rhiannon Logsdon Photography retains copyrights of every image. Images CANNOT be sold, entered into contests, used for advertising or any other use without the written consent of RLP.*

**How will I get my images?** *Once your gallery is complete, your images will be uploaded into an online gallery, then emailed to you. From there you can download them to your computer. Your online gallery will be available for one month. Please download your images during this period. A \$25 charge is added to open an expired gallery.*

**Can I download the images to my phone/tablet from the gallery?** *Yes, BUT please DO NOT send images off to the printer from your phone/tablet. When you download the images to your phone/tablet it will not save them as them as full size files so they will print blurry. All images that you send to print should be sent from a computer.*

**What printer do you use?** [mpix.com](http://mpix.com), my computer is calibrated to their printers so what you see is what you get. They are great! Lower quality printers will change contrast and color of the image.

**Can I share the images on social media?** Yes!

**Can I share my gallery with family/friends so they can download the images as well?** Yes, anyone you share your gallery with is also granted full printing rights. It is also a great idea to have your images backed up in a different location.

## TIPS!

Relax!!!! The most important tip! We understand how important this is to you and how stressful getting a family ready is. The more relaxed you are, the more relaxed the kiddos are. We will do our very best to make this perfect and have a blast doing it!

Eat well the day of your session. Everyone is happy with a full tummy. If you absolutely have to bring snacks, it's okay. Try to save them for the end of the session if you can.

**If you have additional questions please email, call or text us anytime!!!**
